LIONSTONE

Dear Easy Grass:

Let me be the first to congratulate and thank you for a job well done; and on time.

The turf field you installed for us at the EPIC was installed in a manner that exceeded our expectation and more importantly, to our client's satisfaction. It truly is remarkable how Easy Grass transformed a vacant plot of land into useable space.

The EPIC is a high profile project for our firm and we're delighted that despite our strict demands and timelines, Easy Grass delivered quality and professionalism. We are always pleased when a subcontractor makes us look good.

On behalf of all us involved with the project, please make sure to pass along our gratitude to you crew for a remarkable job.

Please feel free to add Lionstone Development to your list of satisfied customers.

Regards,

Frank Franque
Project Manager
Lionstone Development
