

SYNLAWN®

**Tri-Del Golf Course
Delmont, SD | Category: Golf Putting Greens**

10/2016

948 sq. ft.

SYNLawn Classic Pitch
& SYNLawn Tee Strike

This golf course is managed by many of the members of the surrounding communities, and SYNLawn worked side-by-side with them to install this green. The putting green was used to test ball bounce and reaction with cooler weather.

S Y N L A W N®

"Joe and his team at SmartLawn Services have been fantastic to work with, from coming out to meet with our members to presenting the SYNLawn products and helping us choose the best product for our golf course to helping us with the installation. Joe has always answered all of our questions honestly, professionally and in a timely manner. His experience in the industry and strong attention to detail made sure we were completely satisfied with our product from start to finish. We are looking forward to working with Joe and his team in the future, and we would highly recommend him for any turf needs. "
