

SYNLAWN®

**West Side Park
Newark, NJ | Category: Play**

7/2016

6,200 sq. ft.

SYNFescue 254

The renovations to this inner city playground are just a part of ongoing plans to modernize and upgrade the park and its facilities. SYNLawn SYNFescue 254 was specified by the engineer for this beautifully designed, circular playground, and it adds softness to the brightly colored pour in place surface area.
